

MAKE YOUR OWN BIG CAT *Mask*

DON'T FORGET
TO PRACTISE
YOUR ROAR!

WHAT YOU'LL NEED

- Paper plate
- Paint brush
- Yellow and orange paint
- Black marker pen
- Elastic
- Stapler
- Scissors

DID YOU KNOW?

Lions live together in a group called a pride. Get your friends to make masks and create your own pride of lions.

STEPS

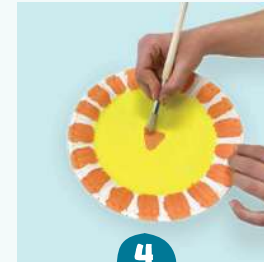

1
Using the yellow paint, cover the middle circle of the paper plate.

2
Paint stripes for the lion's mane on the outside of the paper plate using orange paint.

3
Wait for the paint to dry before moving onto the next step.

4
Using the orange paint, draw a medium-sized triangle in the middle of the yellow circle. This is the nose.

5
Using the scissors, prick two holes in the paper plate just above the nose. Then cut the holes into wider circles for eyes.

6
Using the black marker pen, draw a mouth and whiskers on the lion.

7
Turn over the paper plate and attach the elastic to either side using the stapler. You will need to measure the elastic to fit your head.

8
Place the mask over your face and do your most ferocious lion roar!

BIG & little cats cats

Did you know your domestic cat at home shares some similarities with big cats like Lions, Cheetahs and Tigers? They all need time for rest, opportunities to use their chasing instincts and places to mark their scent.

You can find more information about the African Lions at Werribee Open Range Zoo here: zoo.org.au/werribee/habitats/african-river-trail/african-lion
